Unfortunately, the prolonged COVID-19 pandemic has had a generally negative impact on the Company's business. We apologize deeply for the concern we have caused for our shareholders through our inability to achieve the recovery in business performance from the beginning of the fiscal year that we expected in fiscal 2020. By implementing efficient operations and continuing with stringent cost cutting activities during this period, we made up for the loss recorded in the first half of the fiscal year in the second half and managed to secure an operating profit in fiscal 2020.

Now that we will mark the Company's 200th anniversary in two years' time, we will take measures that are in step with the times, such as further strengthening ESG-focused management and digital marketing activities, in order to continue developing vigorously in the future. We look forward to your ongoing understanding and support.

[Message to shareholders from this candidate for Director]

I thank our shareholders for your ongoing support.

In fiscal 2020, we had planned significant improvement in profit across the entire company, but it was a year in which the impact of the COVID-19 pandemic was greater than expected. In particular, the downturn in the first half of the fiscal year was unprecedented. However, in the second half of the fiscal year, the cost cutting activities we had implemented were quite effective, and the target level came into view on the profit front to some extent. In fiscal 2021, we hope to maintain this same momentum and aim for a full V-shaped recovery.

Meanwhile, there is a high possibility that external factors, such as the prolonged COVID-19 pandemic and the deterioration in U.S.-China relations, will have a significant impact. We will implement a variety of initiatives that will allow the Company to transform its structure to withstand external factors, and we want to aim for a structure that can secure stable profit over the long term.

The challenging conditions will continue going forward, but we look forward to your ongoing support and cooperation.

Ahead of the milestone of our 200th anniversary in 2023, we positioned fiscal 2020 as a year for our transformation to a high profit structure and worked on the various issues that needed to be addressed. #### [Message to shareholders from this candidate for Director]

In fiscal 2020, due to the global impact of COVID-19, business results deteriorated again as in the previous fiscal year. Despite these circumstances, the Company steadily pressed forward with development and production technology for its foundation businesses based on "Toda Spirits," which sums up the starting point for *monozukuri*, and established a growth strategy through the Board of Directors and other bodies. On the human resource development front, the Company provided training on the "Large Lot vs. Small Lot" approach to production in its *monozukuri* training for managers and others, and also steadily disseminated the "5S + S (standard)," which is key for product quality and safety.

It is also necessary to implement a Business Continuity Plan (BCP) so as not to inconvenience customers due to unexpected disasters and accidents, so I will devote my utmost efforts to contributing to enhancement of the Company's corporate value through the wide range of perspectives and ideas gained from my business experience in the automotive industry.

Fiscal 2020 was a year when the world changed significantly due to the global acceleration of DX owing to the COVID-19 pandemic. As a result, this spurred the laying of foundations aimed at the next stage of sustainable growth for the TODA KOGYO Group. I have represented stakeholders, including shareholders, as an outside Director since fiscal 2019. I will utilize my own experience in the design and development of electronic devices to oversee senior management from the standpoint of customers to guard against short-sighted management at the Company. In fiscal 2020, the Company's business results in the first half of the fiscal year were greatly impacted by COVID-19, and, although sales in some of its businesses subsequently recovered, full-year sales were down on the previous fiscal year. Going forward, the business environment will continue to change significantly due to the impact of COVID-19 and decarbonization initiatives. TODA KOGYO must also adapt to changes in the industrial structure and shift the focus of its business while maintaining its technical strengths. # Proposal No. 3: Determination of Specific Terms of Share Options for Share-based Remuneration for Directors

There are currently seven Directors (of which three are outside Directors), and if Proposal No. 1 is approved and adopted as proposed, the number of Directors will be seven (of which three are outside Directors). These share acquisition rights will not be granted to outside Directors.

Details concerning the distribution of share option remuneration to each Director, and the timing of such payment shall be left to the discretion of the Board of Directors in line with the policy on decisions regarding the content of remuneration, etc. for individual Directors.

The maximum remuneration amount for share options remains the amount that was approved at the 82nd Annual General Meeting of Shareholders, and that remuneration amount for Directors (excluding outside Directors), which must be no more than ¥50 million per year, is the amount obtained by multiplying the total number of allotted share acquisition rights by the fair value of one share acquisition right, which is calculated on the day the total number of share acquisition rights are allotted.

In addition, the Company determines the policy for remuneration to Directors at the Board of Directors meeting, and an overview of those details is provided on page 36 of the Business Report under "4. Matters Concerning Company Officers; (2) Status of Remuneration to Directors and Corporate Auditors" (Japanese only). The details of this proposal are deemed to be in line with the aforementioned policy and appropriate.

1. Reasons for allotting share acquisition rights as remuneration for Directors

The Company will allot share acquisition rights to Directors (excluding outside Directors) with the purpose of having them share in the merits of increasing and risks of decreasing the share price with the shareholders and raising the willingness to contribute to improving the corporate value.

- 2. Details of share acquisition rights as share options
  - (1) Class and number of shares that are the subject of the share acquisition rights

The shares to be delivered upon exercise of share acquisition rights shall be the Company's common shares, and the number of shares to be delivered upon exercise of each share acquisition right (hereinafter the "Number of Shares Granted") shall be 10 shares.

Provided that, if the Company implements a share split (including an allotment of common shares of the Company without contribution; the same shall apply to the description of the share split hereinafter), or share consolidation with respect to its common shares after the date on which the share acquisition rights are allotted (hereinafter referred to as the "Allotment Date"), the Company shall make an adjustment to the Number of Shares Granted in regard to the share acquisition rights that have not been exercised as of the date of such share split or share consolidation, by the following formula:

Number of Shares Granted after adjustment = Number of Shares Granted before adjustment × Ratio of split or consolidation

In addition, upon the occurrence of any unavoidable event that requires the adjustment of the Number of Shares Granted other than those set forth above, the Company may adjust the Number of Shares Granted as deemed necessary by the Board of Directors.

Fractional shares less than one share resulting from the above adjustment shall be rounded down.

(2) Total number of share acquisition rights

The number of share acquisition rights to be allotted within one year from the date of the Annual General Meeting of Shareholders for each business year shall not exceed 1,500 units.

(3) Amount to be paid in for share acquisition rights

The amount to be paid in for each share acquisition right shall be determined by the Board of Directors based on the fair value of the share acquisition rights, which is computed by a fair calculation method including the Black-Scholes model, upon the allotment of the share acquisition rights.

The recipient of the allotment of share acquisition rights (hereinafter the "Share Acquisition Rights Holder") shall not be required to pay in money as the remuneration claims from the Company shall be offset against the amount to be paid in.

(4) Value of property to be contributed upon exercise of share acquisition rights

The amount of property to be contributed upon exercise of share acquisition rights shall be obtained by multiplying the Number of Shares Granted by \(\frac{\pmathbf{4}}{1}\), which is the amount per share receivable through delivery by exercise of share acquisition rights.

(5) Exercise period of share acquisition rights

The exercise period of share acquisition rights shall be determined by the Board of Directors of the Company within the scope of 30 years from the date immediately following the Allotment Date.

- (6) Conditions for exercise of share acquisition rights
  - (i) The Share Acquisition Rights Holder may only exercise his/her share acquisition rights at one time, during a period of 10 days (if the 10th day is a holiday, the next business day) from the day immediately following the date on which a Director or Executive Officer of the Company ceased to hold any of such positions.
  - (ii) If the Share Acquisition Rights Holder dies, that person's heir can only exercise the share acquisition rights in one lump transaction.
  - (iii) Other conditions for exercise of share acquisition rights shall be determined by the Board of Directors meeting that decides the subscription requirements for share acquisition rights.
- (7) Restriction on acquisition of share acquisition rights by transfer

Acquisition of share acquisition rights by transfer shall require approval of the Board of Directors of the Company.

- (8) Term and conditions for acquiring share acquisition rights
  - (i) In the event that before the Share Acquisition Rights Holders exercise such rights, share acquisition rights can no longer be exercised under the provisions stipulated in (6) above or under the provisions of a share acquisition rights allotment agreement, the Company may acquire those share acquisition rights for no consideration on a day separately determined by the Board of Directors of the Company.
  - (ii) In the event that a proposal of below-mentioned a), b), c), d) or e) is approved at the General Meeting of Shareholders of the Company (if a resolution by the General Meeting of Shareholders is not necessary, it is read as "in the event that such item is approved by the Board of Directors of the Company), the Company may acquire share acquisition rights for no consideration on the date separately determined by the Board of Directors of the Company.
    - a) Proposal for approval of a merger agreement in which the Company is the disappearing company
    - b) Proposal for approval of a corporate split agreement or corporate split plan in which the Company is the splitting company
    - c) Proposal for approval of a share exchange agreement or share transfer plan in which the Company becomes a wholly owned subsidiary
    - d) Proposal for approval of an amendment to the Articles of Incorporation of the Company to provide that the acquisition by transfer of all shares issued or to be issued by the Company is subject to the approval of the Company

- e) Proposal for approval of an amendment to the Articles of Incorporation of the Company to provide that the acquisition by transfer of shares of a certain class purposed for delivery by share acquisition rights is subject to the approval of the Company, or that all of the shares of such class may be acquired by the Company by a resolution of a General Meeting of Shareholders of the Company.
- (9) Other details of share acquisition rights

Any other details related to share acquisition rights shall be decided at the meeting of the Board of Directors that decides the subscription requirements for share acquisition rights.
