He has experience in overall management as Vice President and Director since June 2013 and President and Representative Director since June 2014. The Company judges him as suitable to continue to lead the Group, and proposes his reelection as Director.

[Message to shareholders from this candidate for Director]

Since fiscal 2022, the Company has struggled to generate profit on account of high raw material prices and weak economic conditions both in Japan and overseas, and in fiscal 2023, we will launch measures appearing in the next 3-year medium-term business plan. In addition to the magnetic materials, dielectric materials, and lithium ion battery materials businesses, which are growth businesses, we have positioned soft magnetic materials used in the transformation of cars and environmental materials, which contribute to solutions to environmental issues, such as carbon neutrality, as next-generation businesses and will establish them as future business pillars. This year, the 200th anniversary of the start of business, the Company aims to expand business with an eye on current conditions and the future.

Furthermore, we will diligently work to improve our financial foundation so that we can promptly resume the paying of dividends.

I hope for your continued support and cooperation.

Reasons for nomination as a candidate for Director

Tsuneaki Kubo has abundant experience and achievements in the production technology division and the production division, etc. since joining the Company as well as global knowledge regarding corporate management, which was cultivated at operating companies in China. In addition, he has been in charge of overall operations in the production division since October 2018. In April 2021, he was appointed as General Manager of the Core Business Division, which will cover and penetrate all the functions of the Company from the viewpoint of Core Business. The Company judges him as suitable to utilize his experience and capabilities for the Company's management, and proposes his reelection as a Director.

[Message to shareholders from this candidate for Director]

In fiscal 2022, the business environment for the Group was particularly difficult in terms of energy and raw material procurement due to disruptions in global supply chains and demand-supply instability. In this environment, which has continued into fiscal 2023, we consider sustainability an important management issue and will move forward with risk management in order to respond to the various risks we face.

As an idea alongside the corporate philosophy, we have set "We transform the potential of fine particles into new possibilities for our world." as our purpose. Fine particles have limitless potential. We will provide added value to customers by using and refining fine particle synthesis technology, a strength of the Company, and continue to offer products so that we can win greater trust.

I hope for your continued support.

Reasons for nomination as a candidate for Director

Dai Matsuoka was involved for many years in the technology and development divisions of TDK Corporation, and by leveraging the abundant experience and wide range of knowledge and insight acquired as Chief Officer of Quality, Safety & Environment, he has provided advice to ensure the legality and appropriateness of decision-making by the Company's Board of Directors as an Outside Director since 2019. In April 2023, he was appointed as Director and Managing Executive Office of the Company. The Company judges him as suitable to utilize his experience and capabilities to raise the corporate value of the Company, and proposes his election as a Director.

[Message to shareholders from this candidate for Director]

Fiscal 2023 was the final year of the medium-term business plan Vision 2023. It is also an important year for our efforts to give shape to the subsequent Go Beyond 200. Using fine particle synthesis technology, a strength of the TODA KOGYO Group that is stated clearly in the purpose that was thoroughly considered by all companies, as a footing, we will give shape to each of the plans that we have promised to all stakeholders. In particular, highly reliable dielectric materials and magnetic materials are indispensable for multilayer ceramic chip capacitors and motors, vital parts for the electrification of cars. In order to create deeper bonds with customers, I will leverage my knowledge of and experience with design, development, and production of electronic parts and contribute to the continual development of the TODA KOGYO Group. I hope for your continued support.

Reasons for nomination as a candidate for outside Director and outline of expected role

Takafumi Mizuno was involved in the technology division of Toyota Motor Corporation for many years, and also has abundant experience as a business manager of TOKAI RIKA CO., LTD. The Company nominated him with the expectation that he will continue to supervise the Company's management and offer advice on overall management from a perspective that is not tied to conventional frameworks, based on his advanced knowledge and insight. Moreover, if he is elected, it is planned that he will continue to be involved in decisions on selection of candidates for the Company's officers and remuneration, etc. for Officers from an objective and neutral standpoint as a member of the Nomination & Remuneration Advisory Committee.

[Message to shareholders from this candidate for Director]

In fiscal 2022, we formulated a purpose based on our corporate philosophy as we approach the 200th anniversary of the start of business, which we will celebrate in November 2023 (90th anniversary of the incorporation of the Company). In fiscal 2023, we will achieve the medium-term business plan Vision 2023, which was formulated in fiscal 2021, and introduce Go Beyond 200, which starts in fiscal 2024. The Company promoted development and production technology based on "Toda Spirits," which sums up the starting point for *monozukuri*, and also disseminated the "5S + S (standard)," which is key for product quality and safety. In March 2023, the Company won IATF16949 certification, an important quality standard in the automobile industry, and this will help us meet the expectations of customers.

In 2023, we will further reinforce production management and logistics management and expect strong advances in *monozukuri*.

I will continue to do all that I can to contribute to increasing the corporate value of the Company through a broad perspective and ingenuity based on my work experience in the automobile industry.
